PharmaSphere: Healthcare Information Technology Software and Services Report

Market Research Store included latest deep and professional market research report on this report also examines the impact of both the Affordable Care Act and the HITECH Act, Meaningful Use and the industries transition to ICD-10, and how these vendors are helping healthcare organizations develop clear implementation strategies.

PharmaSphere: Healthcare Information Technology Software and Services Report - Vertical Market Analysis of Leading IT Business Process Outsourcing and Electronic Medical Record Vendors

The latest research Electric Vehicle Battery Market Market Size, Investment Analysis, and Forecast to 2020 provides insight into the market scenario related to electric vehicle batteries. The electric vehicle battery is a key component that controls the performance of the electric vehicles, and accounts for a dominating share of the cost of the vehicle.

Nickel-metal hydride and lithium-ion batteries are the key battery types that are used in electric vehicles. The global market for electric vehicle battery market is in the early growth stage. The market is largely concentrated in countries such as the US, Japan, China and some European Union (EU) countries where there is an increasing adoption of electric vehicles in order to reduce carbon emissions and dependency on fossil fuels. The reduction in battery pack cost and further improvement in battery technology is

essential for the growth of electric vehicle battery market during the forecast period.

The report gives detailed information on the current status and the opportunities provided by the electric vehicle battery market for US, UK, Germany, Netherlands, France, Japan, China and the global market. The report starts with a discussion on the global electric vehicle battery market and explores the market size, key initiatives undertaken, drivers and restraints. The report later provides a detailed analysis on market sizing and outlook for these key nations. Vendor landscape analysis for electric vehicle battery players is also provided in the report.

Scope

- Key geographies covered, the US, the UK, Germany, France, Netherlands, Japan and China
- Market size data of global and key countries
- Annual market revenue data from 2010 to 2020
- Qualitative analysis of market drivers, restraints, government plan and policies,

- Technical Brief includes includes technological study on type of electric vehicle batteries and their application
- Vendor analysis of the key players and their product offerings.

Reasons to buy

- Facilitate decision making based on strong historic and forecast data for global and national electric vehicle battery market
- Develop strategies for market penetration and product development.

- Position yourself to gain maximum advantage from the electric vehicle battery market growth potential.
- Identify key partners and business development avenues.
- Respond to your competitors business structures, strategies and prospects.

3 Electric Vehicle Battery Market, Global, 2010 - 2020 21

3.1 Electric Vehicle Battery Market, Global, Key Drivers, 2012 21

3.1.1 Promoting Electric Vehicles 21

3.1.2 Increasing Production Sites for Electric Vehicles 21

3.1.3 Growing Awareness among Population 22

3.1.4 Government Support to Improve Battery Technology 22

3.2 Electric Vehicle Battery Market, Global, Key Restraints, 2012 23

3.2.1 High Cost of Battery Packs 23

3.2.2 Risks Associated with Supply of Lithium 24

3.3 Shift from Nickel-Metal Hydride Batteries to Lithium ion Batteries 24

3.4 Electric Vehicle Battery Market, Global, Annual Revenues, 2010-2020 26

- 3.5 Electric Vehicle Battery Market, Global, Annual Capacity, 2010-2020 28
- 3.6 Electric Vehicle Battery Market, Global, Split by Annual Capacity of Battery Type, 2012 and 2020 30
- 3.7 Nickel-Metal Hydride Battery Market for Electric Vehicles, Global, Annual Capacity and Revenue, 2010-2020 31
- 3.8 Lithium-ion Battery Market for Electric Vehicles, Global, Annual Capacity and Revenue, 2010-2020 33
- 3.9 Global, Nickel-Metal Hydride and Lithium-ion Battery Price Trend, \$/kWh, 2010, 2012, 2020 35
- 3.10 Electric Vehicle Battery Market, Global, Investment and Funding Scenario, 2012 38

4 Electric Vehicle Battery Market, Key Countries, 2010 - 2020

44

4.1 Electric Vehicle Battery Market, the US, 2010-2020 44

4.1.1 Electric Vehicle Battery Market, the US, Regulatory Scenario, 2013 44

4.1.2 Electric Vehicle Battery Market, the US, Annual Revenues, 2010-2020 45

4.1.3 Electric Vehicle Battery Market, the US, Annual Capacity, 2010-2020 47

4.1.4 Electric Vehicle Battery Market, the US, Split by Annual Capacity of Battery Type, 2012 and 2020 49

4.1.5 Nickel-Metal Hydride Battery Market for Electric Vehicles, the US, Annual Capacity and Revenue, 2010-2020 50

4.1.6 Lithium-ion Battery Market for Electric Vehicles, the US,
Annual Volume and Revenue, 2010-2020 52

4.1.7 Electric Vehicle Battery Market, the US, Split by Annual
Capacity of Application, 2012 and 2020 54

4.2 Electric Vehicle Battery Market, the UK, 2010-2020 55
